1 Parts

The 'Copy Rows' user form is a window with a title bar and a close button. It contains several sections with labels and controls:

- Title Rows:** A section with radio buttons labeled 0, 1, 2, 3, 4, and 5.
- Number Of Records:** A section with a 'Records' label, an input field, and a 'Check Last Record' button.
- Column Last Data:** A section with a 'Column Last Data' label, two input fields, and a 'Check Number' button.
- Sheet To Memory:** A section with a 'Copy From sheet' button.
- Column Search:** A section with a 'Column Search' label, two input fields, and a 'Check Number' button.
- Search Data:** A section with a dropdown menu and a 'Refresh' button.
- Copy To Sheet:** A section with a dropdown menu, a light blue input field, and an 'Add Sheet' button.
- Search and Copy to Sheet:** A large button at the bottom.

2 How to use

Open the file with the data.

Open the file with the User Form "UF Copy Rows.xls"

Start the User Form with the macro= 'UF Copy Rows.xls'!Start_Copy_Rows

2.1 Title Rows

The 'Title Rows' section shows a row of radio buttons labeled 0, 1, 2, 3, 4, and 5. The radio button for '3' is selected, and the entire section has a light green background.

Check the number of rows in the data sheet.

The 'Title Rows' section shows a row of radio buttons labeled 0, 1, 2, 3, 4, and 5. The radio button for '3' is selected, and the entire section has a light green background.
