

Join OrganiCity - Open Call 2017

Do you want **€60,000** to experiment and innovate with data!

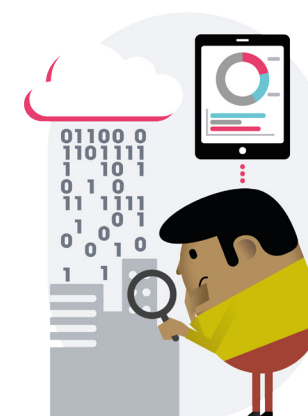

We are looking for developers, coders, IoT experts, data analysts and data scientists to join an experimenting team and apply for funding of up to €60,000 to co-create digital solutions to urban challenges.

Your experiment might capture new data through sensors, use data visualisations, analyse data through new algorithms or merge datasets to uncover new information.

If you are interested in becoming part of a team and want to collaborate with communities and people from other disciplines, please offer your skills on our OrganiCity [Connect Section](#).

You can find last year's experiments [here](#).

Deadline for applications is 31st August 2017.

Your role in the team would involve:

- Testing the **Experimenter Tools**;
- Creative coding;
- Contributing to existing code; and
- Supporting the team with the development of their experiments.
